

# BILL EMERSON NATIONAL HUNGER FELLOWSHIP

# 2021-2022 Host Application Guide

# Introduction

We have everything we need to put an end to hunger in the United States—the knowledge, the skill, and the resources—and yet, because of persistent gaps in understanding and lack of political will, the problem remains entrenched as ever. Community-led efforts to promote food security lack the scope and power that come with federal resources, while policy-making at the national level can be alienated from voices of people directly affected by hunger and poverty.

That's where **Bill Emerson National Hunger Fellowship** comes in. Each class of Emerson Fellows is a dedicated cohort of rising leaders, eager to find how they can be most effective in ending hunger in America. By hosting a fellow, you are adding valuable person-power to your team as well as making an investment in a new generation with experience at making

effective change at both the local and national level.

The Emerson Fellowship is a program of the [Congressional Hunger Center](#), a bipartisan nonprofit organization whose mission is to develop, inspire, and connect leaders in the movement to end hunger, and to advocate for public policies that create a food-secure world. Over the next few pages you'll see how an Emerson Fellow can become an indispensable member of your team. We hope to hear from you!

# What is the Emerson Fellowship?

The Bill Emerson National Hunger Fellowship is a year-long leadership and professional development program that trains committed young people in the movement to end hunger in the United States.

Each class of 15 to 21 fellows gains experience and professional skills as they add capacity to anti-hunger partners at field placements across the country and policy placements in Washington, D.C. Each class forms a learning cohort, sharing

knowledge and insight from their varied placements and growing together. And the Hunger Center's dynamic leadership development curriculum centers the skills required to create change.

## What is the Hunger Center?

Founded in 1993 by a bipartisan group of members of Congress, we are a nonprofit organization dedicated to the principle that access to nutritious, affordable, and culturally appropriate food is a basic human right. We develop, inspire, and connect leaders in the movement to end hunger, and advocate for public policies that will create a food secure world.

## Who was Bill Emerson?

The fellowship's namesake, **Rep. Bill Emerson**, was a Congressional champion for bipartisan solutions to food insecurity in the U.S. and around the world. [Learn more about Rep. Emerson](#)

# Why Host an Emerson Fellow?

Emerson Fellows are passionate about their commitment to eliminating hunger and poverty and their root causes. Hosting an Emerson Fellow for a field or policy placement will provide skills, energy, and support for your organization's mission.

## ADDING CAPACITY

Fellows provide flexible project-oriented assistance at a nominal cost, allowing you to expand existing programs, enhance or improve existing initiatives, or respond to urgent or emerging needs.

## TRAINING A NEW GENERATION OF LEADERS

Through an extensive application and interview process, the Hunger Center selects promising, talented young professionals who devote a year of their lives to promoting food security and social justice.

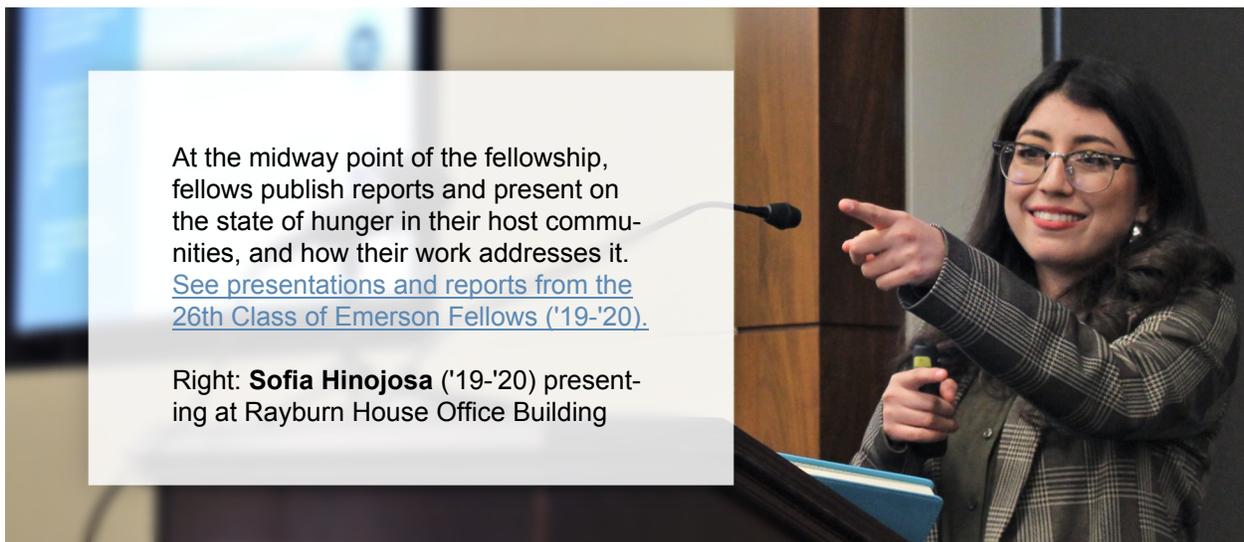

## BRIDGING GAPS, ADDING PERSPECTIVE

The unique two-placement structure exposes fellows to community-based initiatives and federal policy interventions, allowing them to see where gaps exist between the two approaches to ending hunger in the U.S. and how to address them.

At the midway point of the fellowship, fellows publish reports and present on the state of hunger in their host communities, and how their work addresses it. [See presentations and reports from the 26th Class of Emerson Fellows \('19-'20\).](#)

Beyond gaining direct work experience with your organization, Emerson Fellows undergo a rigorous professional development training which helps them build on their day-to-day work experience to find how they can best contribute to ending hunger in the United States.

### **Cohort Model**

Each class of fellows forms a supportive learning community, where they share their experiences with a network of peers. Fellows help each other question, troubleshoot, learn, and develop a deeper understanding of food insecurity in America and its root causes than they could on their own.

### **Advising**

The Hunger Center supports Emerson Fellows throughout the year with regular coaching and advising from staff and alums of the fellowship.

### **Training and Curriculum**

At set points throughout the fellowship year, fellows participate in group trainings, retreats, professional development days, and e-learning focused on hunger, public policy, racial equity, and social justice. Our leadership curriculum builds fellows' core capacities to become effective agents for change and promoting food security.

### **Stipend**

The Hunger Center provides each fellow with a financial package based on the cost-of-living at their residence during each placement.

Emerson Fellows are selected through a rigorous application process and possess a diverse range of skills, education, and experience.

Central to our theory of change is the idea that any lasting solution to ending hunger must be led by people with first-hand expertise. For the Emerson Fellowship, we recruit and invest in the leadership of people with lived experience of hunger and

poverty and people of color, who are disproportionately affected by hunger. [Meet our growing community of over 500 Emerson Fellows and alums.](#)

Host organizations are essential partners in the fellowship experience. Your organization will be responsible for providing the following:

**Host Fee**

Each site pays a fee to partially offset the cost of each fellow's stipend and training, invoiced before your fellow's placement begins. Fees are determined on a sliding scale based on your organization's budget.

Budget	Fee for Field Placement*	Fee for Policy Placement*
up to 1 M	\$3,950	\$4,345
1 M to 10 M	\$5,500	\$6,050
10 M to 100 M	\$7,100	\$7,810
> 100 M	\$9,150	\$10,065

*\*A additional 10% is added to host fees for field placements in Washington, D.C., New York City, and the San Francisco Bay Area an offset the cost of living in these areas. This charge has been included in the listed fees for policy placements, which must be in the Washington, D.C.-area.*

**Work Plan**

As part of your application, you will propose a work plan for your fellow's placement. Hunger Center staff match fellows to host orgs based on the requirements of your work plan and fellows' skills, experiences, and interests. Learn more about work plans on the next page.

**Community Support**

We are committed to engaging with the root causes of hunger through building partnerships and following the leadership of people directly impacted by poverty. For field placements, your application will ask you to demonstrate community support for your organization's mission and the proposed work plan.

**Active Supervision**

In your application you must designate a dedicated supervisor who will oversee the fellow and the implementation of their work plan and ensure their success in the organization. We expect the supervisor to be responsive to the fellow and Hunger Center staff, and to provide mentorship throughout the duration of the placement.

**Safe & Supporting Environment**

Your organization must maintain a safe, welcoming environment for fellows of all races, genders, class backgrounds, religions, and sexual orientations. You are also responsible for providing the fellow all materials necessary to ensure they can complete their work plan successfully, including work-related travel, a dedicated office space, and work equipment.

## DEVELOPING A WORK PLAN

When you apply to host an Emerson Fellow, you will propose a project work plan related to hunger and poverty in the United States and their root causes. This plan should be a detailed account of how the fellow will engage with the work of your organization and be supported as an integrated member of the team. The work plan should include opportunities for leadership, program development, and mentorship by executive staff.

While the lists below are by no means exhaustive, many work plans include one or more of the following elements:

### Skills

- Primary and secondary research (quantitative and qualitative)
- Data analysis & presentation
- Community outreach
- Strategy development
- Meeting & event facilitation
- Communications & writing
- Program design

### Projects

- Education / advocacy campaigns
- Story banking, storytelling, interviews
- Documenting best practices
- Literature review
- Community needs & assets assessment
- Impact assessment & gap analysis
- Policy analysis
- Legislation / administrative rule tracking
- Coalition-building

### Subject Areas

- Federal nutrition & safety net programs
- Racial equity & equitable practices
- Food sovereignty
- Urban agriculture
- Emergency food assistance
- Local food production / food businesses
- Disaster / pandemic response
- Social justice areas intersecting with food insecurity (e.g. healthcare, housing, employment)

## A NOTE ABOUT FIELD PLACEMENTS

For field placements, fellows are placed in host communities in pairs. Organizations may submit an application with two work plans for two fellows or encourage another organization in the same community to apply. Please be in touch with Program Associate [Emma Williamson](#) for additional information.
